"Wedding Accolades"

I have never been happier. The band was phenomenal. You were terrific to work with from the beginning to the very end and I certainly would hire you again in a second. In fact, I am hoping to plan another party because you need to be included. It was just a magical moment. My brother had a good time and the dedication to him was great. The whole wedding was phenomenal. Stephanie (bride) had an absolute ball. Thank you, Thank you, Thank you

Marty Kleinman (Mother of Groom)

"Everything was super! The guests are still calling to comment on what a great time they had, thanks to the excellent and very fun show put on by the Skycoasters. We could not have asked for a better, more entertaining evening for our daughter's wedding reception. Please let the band members know our appreciation for being so professional and making the night such a memorable time for all of us."

Kathy & Frank Churnetski

"Jerry, you and the Skycoasters truly made our wedding a ball! Thanks for being yourselves, you were terrific"

Danny Wegman

"The wedding planning started with the band and ended with the band. Marjory had her "Perfect Wedding". You were Great!

"The Skycoasters were fabulous. Everyone loved them. Megan & Adam could not have been happier with the music. You certainly do know your audience, I have always said. The music makes the party and I was right. Working with you was painless."

Nanette Elenbaas

I want to be sure to let everyone know how much we LOVED this band at the wedding on Saturday. They were absolutely great to work with start to finish, and we literally danced all night long. We only had two problems with the band; the first was our dance floor was too small, because it was packed all night long! Second, we should have booked them longer than 3 hours....These guys can keep the party going. We set the bar high for our first wedding, I can't imagine any band could possibly rock the tent better. It was an incredible night and party for everyone there. Many thanks to all the band members who really made our wedding for our kids one to remember.

Colleen Salsburg – Mother of the Groom

We didn't get a chance to talk to you guys after, we had an absolute blast! We were so happy to have you part of our day - it was amazing & we wouldn't have wanted it any other way. You guys know how to bring the party & we were so blown away.

Upstate New York's premier, high-energy party band plays the hits that propelled their enormous popularity in New York and across the country. From their beginnings at small, local clubs to playing at super events at the Olympics and Super Bowls, the Skycoasters consistently deliver a delightful blend of "got to dance" music and genuine, contagious fun to their audiences of all ages.

This 9-piece party band, the Skycoasters, consists of the original members. All band members hold full-time professional jobs during the week and then are ready to take off those suits and ties and replace them with t-shirts, crazy hats and costumes (we also have tuxedos for those formal affairs) to put on fantastic shows for their clients on the weekends. Their high energy sparks the audience from the first note and is known to bring the confirmed "non dancers" to their feet within minutes!

When you book the Skycoasters, you are assured of six things – professionalism, reliability, high-energy danceable music, enthusiasm, a love of music and, most importantly, a very memorable event. Our music ranges from the 40's to the latest Top 40. Our many props and antics are contagious and guaranteed to get the crowd going. When was the last time you did the hula-hoop, went 1 on 1 with a limbo stick or rode a surfboard during our Beach Boys medley?

While the Skycoasters usually play in the Rochester, Buffalo and Syracuse areas, we have also traveled extensively throughout the United States performing for major corporations, weddings and sporting events. Some major highlights through the years have been:
